

# 'BEEF SECURE'

## Grain Balancer Pellets

**Beef Secure** a non-medicated grain balancer pellet that has been specifically formulated to be added to crushed grain, protein and roughage to provide buffer, minerals, vitamins and additives to support cattle health and growth. It is suitable for feeding to all classes of cattle for weight gain in the feedlot, containment area or used as a grain-assist in the paddock. It is ionophore free and does not contain monensin sodium (Rumensin®) or lasalocid sodium (Bovatec®).

**Beef Secure** has been specially designed to focus on:

- ✓ Rumen health to reduce the risk of acidosis, improve fibre digestion and promote intake.
- ✓ Immune function support, to aid health and direct nutrients towards development and growth.
- ✓ Provide minerals and vitamins to support muscle deposition in young, growing cattle.
- ✓ An alternative grain balancer pellet that does not include monensin sodium or lasalocid sodium.

**Natural anti-microbial protection:** the inclusion of plant compounds from the oregano plant has been shown to improve intestinal health, promote beneficial bacteria and reduce the incidence of pathogens. Regano® is a safe, natural product with no withholding period. It is acceptable for use where nil ionophore are required for farm assurance programs.

**Ingredients (selected from):** Wheat bran, calcium carbonate, acid buf (rumen buffer), salt, dicalcium phosphate, calcium sulphate, ammonium sulphate, magnesium oxide, yeast culture, TLC Feedlot Premix (organic chromium, cobalt, copper, iodine, iron, organic manganese, organic selenium, organic zinc, vitamins A, E, B1, bioavailable vitamin D), canola oil, Regano®.

**Nutrient Summary (dry matter basis):** \*contains organic minerals

Nutrients & Additives	Macro Minerals	Trace Minerals	Vitamins
Crude Protein (min) 11%	Calcium (min) 12%	Chromium* 6 mg/kg	Vitamin A 80, 000 IU/kg
Metabolisable Energy 8MJ/kg	Phosphorus (min) 0.75%	Copper 200 mg/kg	Vitamin D 12, 000 IU/kg
Salt 4%	Magnesium (min) 2%	Manganese* 600 mg/kg	Vitamin E 1000 mg/kg
Nil ionophores	Sulphur (max) 3.5%	Selenium* 5.5 mg/kg	Vitamin B1 150 mg/kg
Nil Urea		Zinc* 1200 mg/kg	Cobalt 18 mg/kg

*Warning: Do not feed to sheep. This product has been specially formulated for beef cattle, ingestion by sheep may result in copper toxicity.*

**Feeding Guide:** Add **Beef Secure** to grain at 50kg per tonne.

*Example: 300kg weaner, ADG +1kg/d, DMI 7.5kg.*

*Using barley at 11% protein, cracked lupins at 34% protein and good cereal hay for roughage:*

FEEDLOT/CONTAINMENT FEEDING					Paddock Feeding
Day	1-5	6-10	11-15	16+	Self-feeder + pasture
Cracked grain	20%	40%	60%	70%	85%
Cracked protein	10%	10%	10%	10%	10%
Roughage	65%	45%	25%	15%	Plentiful dry pasture
Beef Secure	50kg (5%) per tonne of grain mix				5%
