

'STUD RAM' CONCENTRATE PELLET

Stud Ram concentrate pellet has been specifically formulated to be added to grain when feeding rams in sheds, or grain-assist in the paddock in preparation for sale or joining.

Stud Ram concentrate pellet has been specially designed to focus on:

- ✓ Rumen health, to reduce the risk of acidosis and associated fertility issues.
- ✓ Urinary tract health, to reduce the incidence of urinary calculi.
- ✓ Nourish skin and follicle health
- ✓ Bone, joints & frame development, through balanced macro minerals
- ✓ Aid fertility and hoof health through specific trace mineral and vitamins
- ✓ Gut health, to aid digestion, absorption and immune function

Regano is included as standard in Stud Ram concentrate. Regano is rich in phenols from the oregano plant which have been shown to improve gut membrane integrity and reduce the risk from pathogens such as coccidiosis. It promotes feed intake and has potent antioxidant properties to support health status. It is not toxic to dogs or horses and has no withholding period.

INGREDIENTS: Wheat bran, calcium carbonate, salt, acid buf, anionic salts, dicalcium phosphate, TLC Sheep Breeder Premix (including cobalt, copper, iodine, iron, organic manganese, organic selenium, organic zinc, vitamins A, E, B1, bioavailable vitamin D), canola oil, molasses, Regano.

NUTRIENT SUMMARY (dry matter basis): *contains organic minerals

Nutrients & Additives	Macro Minerals	Trace Minerals	Vitamins
Crude Protein (min) 5%	Calcium (min) 18%	Cobalt 20 mg/kg	Vitamin A 150, 000 IU/kg
Metabolisable Energy 4MJ/kg	Phosphorus (min) 0.78%	Copper 45 mg/kg	Vitamin D 15, 000 IU/kg
Anionic Salts (min) 12%	Magnesium (max) 2%	Manganese 840 mg/kg	Vitamin E 1000 mg/kg
Nil Ionophores	Sulphur (max) 2.0%	Selenium* 6 mg/kg	Vitamin B1 100 mg/kg
Nil Urea	Salt (max) 10%	Zinc* 1200 mg/kg	

Nil withhold. Not toxic to horses or dogs.

FEEDING GUIDE: Add Shed Ram concentrate to grain at 50kg per tonne (2 x 25kg bags)

To blend a 13% protein grain mix, using grain at 10-11% protein:

Addition per tonne = 250kg chaff, 550kg barley, 150kg lupins, 50kg Shed Ram concentrate.

This stud ram blend is designed to be fed up to a rate of 3kg per head per day, split over 2 feeds (i.e. 2 x 1.5kg feeds). For a personalised plan based on ram weights, please contact Nicole at:
